**11<sup>th</sup> ECNP International  
Conference on  
Nanostructured Polymers  
and Nanocomposites  
&**

**7<sup>th</sup> Young Polymer Scientists  
Conference and Short Course**

**21-25 September 2020  
Lodz, Poland**

**Chairpersons**

Beata Łuszczynska  
Jacek Ulański  
Marcin Kozanecki

**PLENARY SPEAKERS**

**Kris Matyjaszewski**

Carnegie Mellon University, Pittsburgh, USA

**Klaus Müllen**

Max-Planck-Institut für Polymerforschung,  
Mainz, Germany

**KEYNOTE SPEAKERS**

**Michał Banaszak**

Adam Mickiewicz University, Poznan, Poland

**Jean-François Gérard**

National Institute of Applied Sciences of Lyon-  
INSA, France

**Marcin Kozanecki**

Lodz University of Technology, Poland

**Stergios Logothetides**

Aristotle University of Thessaloniki, Greece

**Carmen Mijangos**

CSIC, Madrid, Spain

**Francesca Nanni**

University of Rome Tor Vergata, Italy

**Jiří Pflieger**

Institute of Macromolecular Chemistry, CAS,  
Prague, Czech Republic

**Jose Luis Viviente Sole**

TECNALIA, Spain

**Brigitte Voit**

Leibniz Institute of Polymer Research, Dresden,  
Germany

**SCOPE & TOPICS:**

- > Progress in synthesis and processing of polymer nanocomposites
- > Graphene-based materials
- > Polymers for biomedical applications and for environmental protection
- > Modelling of polymer synthesis and processing
- > Industrial applications of multifunctional polymeric materials;
- > ALM of polymeric composites;
- > Advanced techniques of characterization of polymer composites and nanocomposites
- > Organic, printed and wearable electronics

**7<sup>th</sup> Young Polymer Scientists  
Conference and Short Course**

*The course will include lectures presented by leading scientists from ECNP partners and representatives of industrial R&D centers. Young researchers will also have the opportunity to present their results.*

Politechnika Łódzka

European Centre for Nanostructured Polymers (ECNP Scarl) is a non-profit, limited liability, Consortium Company formed by the European Network of Excellence "Nanofun-Poly" (6<sup>th</sup> FP EC). Lodz University of Technology is one of the founders and shareholders of ECNP.

The tradition of the ECNP conferences dates back to 2004. The conference have visited Dresden, Lyon, Corfu, Paris, Madrid, Prague, Rome and now it is time for Lodz.

The ECNP Conference will start at 2 pm on 22.09. and it will end at 2 pm on 25.09. 2020. It will be preceded by a 1.5-day ECNP Young Polymer Scientists Conference & Short Course on 21-22.09 This event is intended for young researchers and students. The leading topic of lectures at the Course will be industrial applications of advanced functional polymer materials.

## REGISTRATION AND FEES

Participants are invited to register and submit the abstracts *via* web page:

<http://ecnp2020.p.lodz.pl/>

### REGISTRATION FEES:

**Regular 350 € (early birds: 300 €)**

**Reduced 250 € (early birds: 200 €)**

*Registration fee is reduced for students and invited speakers; plenary and keynote speakers and lecturers at Short Course are exempt from the fees.*

*The fee includes conference materials, participation in all sessions, lunches, coffee breaks, excursion and conference dinner. In the case of doctoral students, the fee also includes participation in the Short Course. Please kindly note that the fee does not cover accommodation.*

### IMPORTANT DATES:

**Deadline for early bird registration: 30 May 2020**

**Deadline for regular registration: 31 July 2020**

**Deadline for abstract submission: 30 April 2020**

**Acceptance of abstracts: 15 May 2020**

## CALL FOR CONTRIBUTIONS

*Participants can apply for oral or poster presentations and should submit short abstracts. The International Scientific Committee will qualify the final form of the presentation.*

## AUSPICES:

**Rector of Lodz University of Technology (TUL)**

**Dean of Faculty of Chemistry, TUL**

**Main organizer:**

Lodz University of Technology,  
Department of Molecular Physics,  
Zeromskiego 116, 90-924 Lodz, Poland

## CONFERENCE VENUE

We cordially invite you to Łódź. A city of beautiful parks and palaces, revitalized old red brick factories and Art Nouveau tenement houses, where history blends with modernity. A city of four cultures: Polish, Jewish, German and Russian. The capital of Polish cinema..
